

# A reminder to all exhibiting Artists, Youth Artists, Parents & Teachers

All Art entries must be appropriately framed and presented with cord hangers

i.e. Cord or wire, fastened with eye hooks or D Rings  $\frac{1}{3}$  of the way down the frame. See picture below

Eye hook with wire or cord.

## PLEASE, NO SAWTOOTH METAL HANGERS

They are difficult to hang on our pegboard screens - a cord allows for easy hanging.

An easy way to attach cord on the back of unframed cardboard, fibre board or Masonite etc. is to glue with wood glue small blocks of wood to screw in D rings or to glue canvas strips or use Gaffer tape on the back to hold in the knotted ends of a cord.
